<b>STRONG POINTS</b>			<b>WEAKNESSES</b>
Productive playmaker who displays excellent overall athletic skills. Excels at making difficult catches. Has great hand/eye coordination. Runs crisp routes and displays a good feel for the game. Sneaky fast, and can get behind DB's. Came up with numerous clutch plays.			Doesn't have elite speed. Was slow in his first year and not quite as consistent. Needs to improve his release off the line of scrimmage.
<b>SUMMARY</b>			
Overall fine athlete who was a clutch playmaker for the Irish. Runs good routes and can pluck the ball with deceptive speed to get downfield and to find openings. Not afraid to go across the middle. Possesses surprising speed. Benefited tremendously from playing with Brady Quinn and under Charlie Weis. Not a burner, but a gliding running style. Barring injury, should have a long and productive career. 1 <sup>st</sup>
