Mitchell McAllister is a two way forward who also plays some games as a defenceman. Mitchell has very good defensive zone presence, using his stick and body effectively between passing lanes. Mitchell covers for the pinching defenceman and also skates hard on the backcheck. Mitchell is a great transitional skater who has above average speed and is able to use his quick footwork play tight in the corners. Whether in the offensive or defensive zone, Mitchell works hard in the corners for the puck. Mitchell has good hockey sense and reads the play very well coming out of his own zone. As a forward that also plays defence Mitchell gets time on the power play playing on the point.
