Zane Jones is an offensive forward who has great puck control and has average speed. Zane is one of the bigger players in the league and uses his size effectively. Zane's physical play allows him to create turnovers for his team. Even though Zane has a physical presence on the ice he could be more aggressive, not just by throwing more hits but by battling more in the corners and driving hard to the net and making the opposition work hard to move him out of there. Zane's defensive play is where he needs the most work. Zane could backcheck harder and then keep his feet moving when he's in his own zone defending.
